Congratulations on buying a **Heaven and Earth Designs INC.** Cross Stitch Chart!

We know it will bring you many hours of pleasurable stitching and believe the final result will be something to love and admire forever.

Included with your chart is a clear plastic bag to protect your chart, and a coded thread list for the threads you will need to complete your project. Our charts are designed to use DMC stranded cotton threads and, where appropriate, Kreinik metallic thread.

## Chart Instructions:

1. This chart is made up of several numbered pages beginning at the top left corner of the first page. The pages of chart are laid out from left to right in rows e.g. 1 2 3 4 5 6.

1	2	3	4	5	6
7	8	9	10	11	12
13	14	15	16	17	18
19	20	21	22	23	24
25	26	27	28	29	30

2. Although each chart is marked with arrows which indicate the center, we believe you will find it easier to begin from the top left corner of page 1 and follow the chart page by page to the bottom right corner of the last page.
3. We recommend you stitch your design on 25 count even weave fabrics using 2 strands of cotton over one fabric thread. However, please feel free to experiment as to what you are most comfortable with!
4. At the top of the thread list you will find our recommendation for the fabric color. We recommend purchasing a piece of fabric that equates to the design size plus 3 inches [75mm] on each side to allow for framing and matting.
5. Because of the large number of stitches, we have found it to be easier if you stitch one 10X10 grid at a time and then continue on to the next 10 x 10 grid.
6. Stitch each page until it is completed and then move on to the next. On each page there is a number at the top left that indicates the page number. On each corner is a number in parenthesis that indicates the connecting page, unless there is not one.
7. Under International Copyright Laws, you may copy the chart for your own use. We recommend that you use a copy as your working document. You may also wish to enlarge the pages to make the symbols easier to read.

**If you have any questions regarding this chart please feel free to contact us.**

The image displays a large grid of 100 rows and 100 columns of small, colorful icons. The grid is organized into 10 groups of 10 rows each, labeled 480 through 570 on the left. Each group contains 10 columns of icons, labeled 240 through 310 at the top. The icons are small, colorful, and vary in shape and size, creating a complex, abstract pattern. The icons are arranged in a way that suggests a sequence or progression across the rows and columns, with some icons appearing more frequently than others. The overall effect is a dense, multi-colored mosaic of small, distinct shapes.

This image displays a highly detailed and complex grid, likely representing a large-scale data visualization or a highly detailed map. The grid is composed of 100 rows and 310 columns, with each cell containing a unique combination of symbols, patterns, and colors. The symbols are small, intricate, and often resemble stylized characters or icons. The colors are primarily grayscale, with some cells featuring subtle color variations. The overall pattern is dense and repetitive, suggesting a highly structured data set or a complex algorithmic generation process. The grid is organized into several distinct sections, with some rows and columns showing more uniform patterns than others. The overall effect is one of a vast, intricate, and highly detailed visual space.
