Congratulations on buying a **Heaven and Earth Designs INC.** Cross Stitch Chart!

We know it will bring you many hours of pleasurable stitching and believe the final result will be something to love and admire forever.

Included with your chart is a clear plastic bag to protect your chart, and a coded thread list for the threads you will need to complete your project. Our charts are designed to use DMC stranded cotton threads and, where appropriate, Kreinik metallic thread.

Chart Instructions:

1. This chart is made up of several numbered pages beginning at the top left corner of the first page. The pages of chart are laid out from left to right in rows e.g. 1 2 3 4 5 6.

1	2	3	4	5	6
7	8	9	10	11	12
13	14	15	16	17	18
19	20	21	22	23	24
25	26	27	28	29	30

2. Although each chart is marked with arrows which indicate the center, we believe you will find it easier to begin from the top left corner of page 1 and follow the chart page by page to the bottom right corner of the last page.
3. We recommend you stitch your design on 25 count even weave fabrics using 2 strands of cotton over one fabric thread. However, please feel free to experiment as to what you are most comfortable with!
4. At the top of the thread list you will find our recommendation for the fabric color. We recommend purchasing a piece of fabric that equates to the design size plus 3 inches [75mm] on each side to allow for framing and matting.
5. Because of the large number of stitches, we have found it to be easier if you stitch one 10X10 grid at a time and then continue on to the next 10 x 10 grid.
6. Stitch each page until it is completed and then move on to the next. On each page there is a number at the top left that indicates the page number. On each corner is a number in parenthesis that indicates the connecting page, unless there is not one.
7. Under International Copyright Laws, you may copy the chart for your own use. We recommend that you use a copy as your working document. You may also wish to enlarge the pages to make the symbols easier to read.

If you have any questions regarding this chart please feel free to contact us.

The image displays a large grid of 100 rows and 100 columns of small, repeating geometric patterns. The patterns are organized into a grid with row and column indices. The patterns are small, repeating geometric shapes, possibly representing a cellular automaton or a tiling pattern. The grid is labeled with row and column indices from 290 to 380 on the left and 390 to 460 on the top.

The image displays a complex grid of symbols and patterns, organized into four quadrants by a central cross. The grid is labeled with column numbers 240 to 310 at the top and row numbers 480 to 570 on the left. The symbols include letters, numbers, and geometric shapes, arranged in a way that suggests a structured data set or a complex pattern. The grid is divided into four quadrants by a central cross, with each quadrant containing different symbols and patterns. The symbols are arranged in a way that suggests a structured data set or a complex pattern. The grid is divided into four quadrants by a central cross, with each quadrant containing different symbols and patterns. The symbols are arranged in a way that suggests a structured data set or a complex pattern.
