The figure displays a 100x310 grid of symbols. The columns are indexed from 240 to 310, and the rows from 100 to 190. The symbols used include digits 0-9, uppercase letters A-Z, and various punctuation marks and special characters. The pattern is highly structured and repetitive, with many symbols appearing in regular, grid-like arrangements across the entire field. This suggests a complex, possibly fractal, pattern generated by a cellular automaton or a similar computational process.

The figure shows a 10x10 grid of cells. The grid is divided into four quadrants by a vertical line at column 5 and a horizontal line at row 5. The top-left quadrant is labeled '390' and the top-right quadrant is labeled '400'. The bottom-left quadrant is labeled '480' and the bottom-right quadrant is labeled '490'. The grid is filled with a pattern of black and white cells, representing a 2D lattice structure.
