## Instructions

The model for Beauty and the Beasts is stitched over 1 on 25ct, Linen or Evenweave may be used. You may use 1 or 2 strands of floss depending on your preference.

It is recommended that you make working copies and enlarge to view detail and symbols.

We also suggest using a #28 needle when working over 1 on 25ct.

This is a large project that will offer many hours of stitching pleasure.

We thank you for purchasing this design and welcome any questions or comments that you may have.

The figure displays a 10x100 grid of small plots, organized into 10 rows and 100 columns. The rows are labeled on the left with values 390, 400, 410, 420, 430, 440, 450, and 460. The columns are labeled at the top with values 70, 80, 90, 100, 110, and 120. Each plot contains a unique pattern of data points, which appear to be generated from a random process. The patterns vary across both rows and columns, suggesting a complex underlying structure or a high-dimensional data space. The overall layout is a large, structured array of these small, individual visualizations.

The image displays a 4x60 grid of 240 small square tiles, each containing a unique geometric pattern. The tiles are arranged in four rows labeled 470, 480, 490, and 500 on the left. The columns are labeled 10, 20, 30, 40, 50, and 60 at the top. The patterns are highly varied, featuring combinations of lines, dots, and shapes in black and white.
