The Medieval Town Mandala

Part 8 May 2006

OK – this is the third of four parts of Medieval buildings –this month's part is the bottom side. Stitch all cross stitches first.

Backstitching as follows :

All Backstitching lines are worked with one ply of black NPI silk – regardless which color the lines have on your chart ! (Lines around roofs, flags on top, posts on roofs, lines around windows etc...)

Where the design is identically to the previous part stitch the same Special Stitches with the same threads.
