

General Instructions

Cut fabric to allow 3 inches each side of design area. Use measurements listed at the top of the floss listings to determine the design size based on the stitch count of the fabric you will be using. (Kits include pre-cut fabrics, do NOT cut)

Zigzag or overcast the edges of the fabric to prevent fraying. For those who are unfamiliar with stitching multi page designs, we recommend that you make a working photocopy and layout the pages according to Chart Placement Diagram below. Extend arrow found at **center top** and **center left edge** of chart to join in center of chart. You begin stitching there. NOTE: The arrows may be located on different pages, depending on the number of pages of the design you are stitching..

We recommend that you use two plies of floss to work the cross-stitches over one square of Aida cloth. Work backstitching with one ply of floss unless specified otherwise in floss legend.

IMPORTANT

Many of the Kustom Kratts multiple page charts MAY have a shaded grey section. This shaded grey area indicates a 3 row overlap from adjoining pages.
