Instructions

The model for Nala is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments that you may have.

The image displays a 10x10 grid of 100 small images, each representing a unique combination of a number (80-150) and a letter (A-Z). The grid is organized as follows:

- Columns (Numbers):** The top row of the grid lists the numbers 80, 90, 100, 110, 120, 130, 140, and 150, which correspond to the columns of the grid.
- Rows (Letters):** The left column of the grid lists the letters A, B, C, D, E, F, G, H, I, and J, which correspond to the rows of the grid.
- Content:** Each cell in the grid contains a small, square image. These images are composed of various patterns, symbols, and characters, including numbers, letters, and geometric shapes, arranged in a way that is difficult to discern at a glance.
