Instructions

The model for Locked is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments that you may have.

The image displays a large grid of 150 rows and 180 columns. The rows are grouped into 10 sets of 15 rows each, labeled 80, 90, 100, 110, 120, 130, 140, and 150 on the left side. The columns are labeled with numbers 130, 140, 150, 160, 170, and 180 at the top. The grid is filled with a complex pattern of symbols, including letters, numbers, and special characters, arranged in a way that suggests a structured data set or a complex encoding.

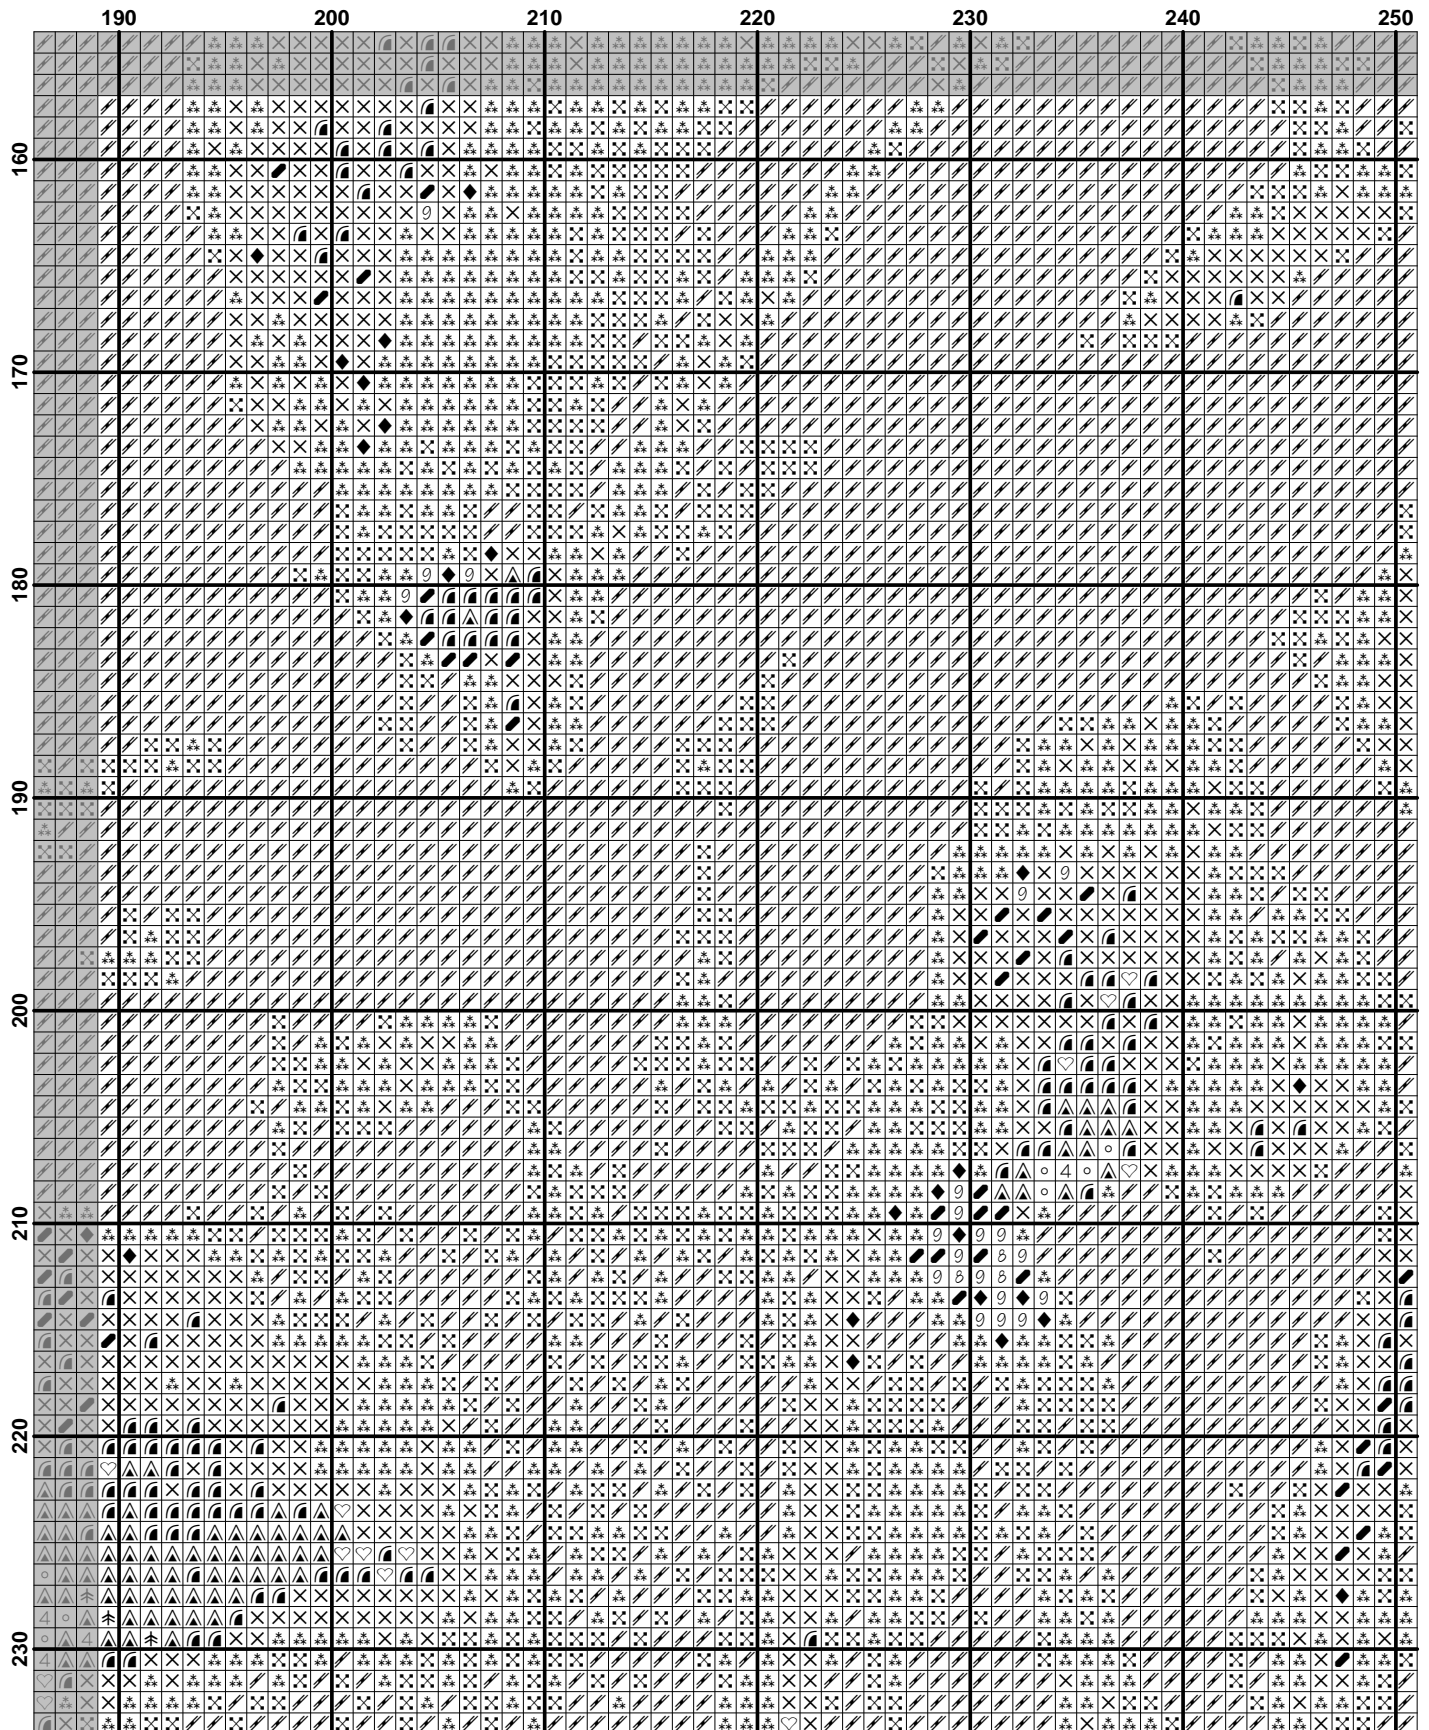

The image displays a 10x10 grid of 100 small images, each showing a different pattern of black and white shapes (triangles, squares, circles, etc.) arranged in a grid. The patterns are labeled with numbers 380 through 430 at the top. The grid is divided into four quadrants by a vertical line at column 50 and a horizontal line at row 50.

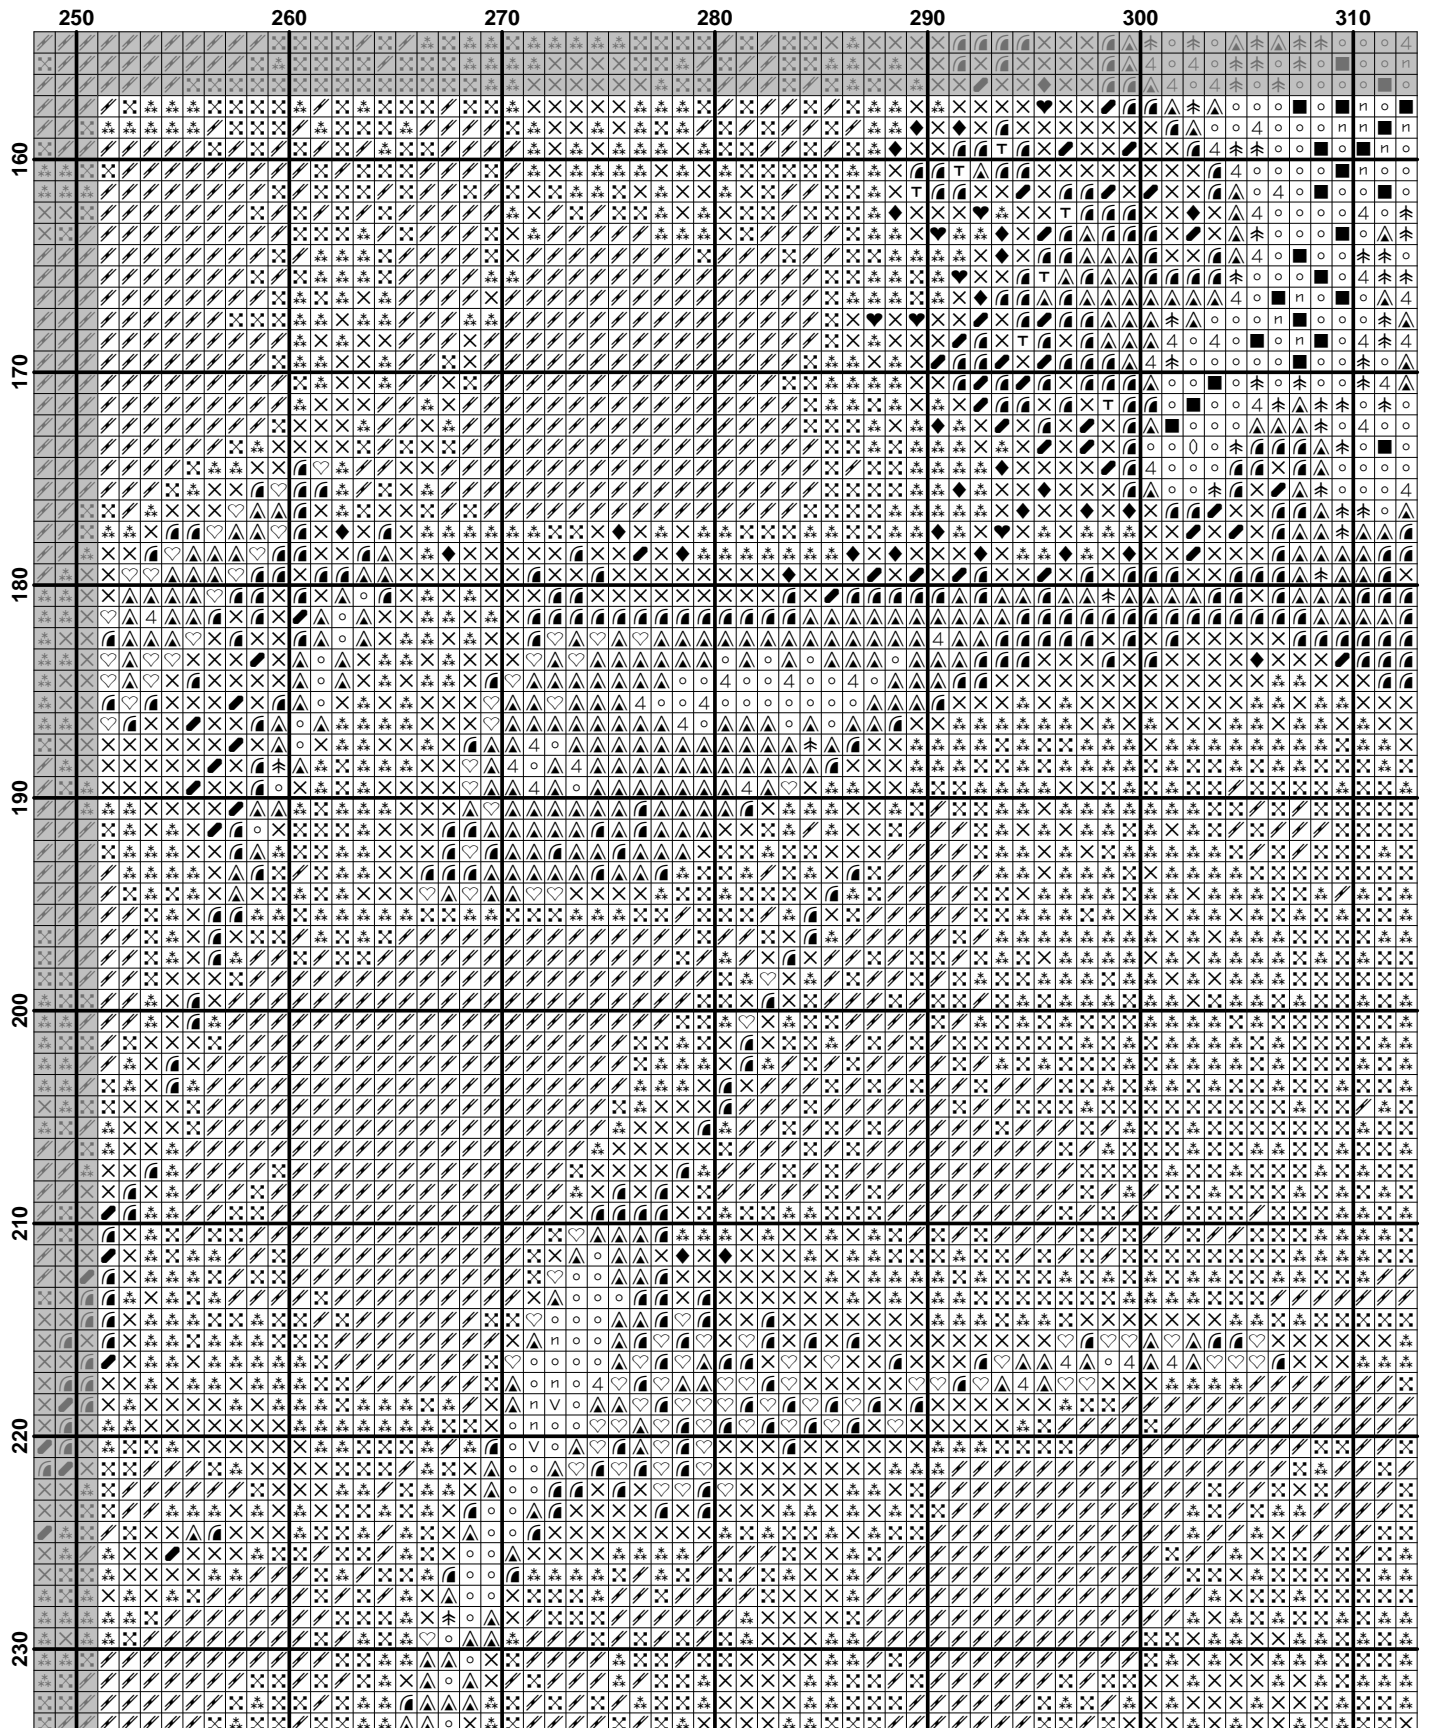

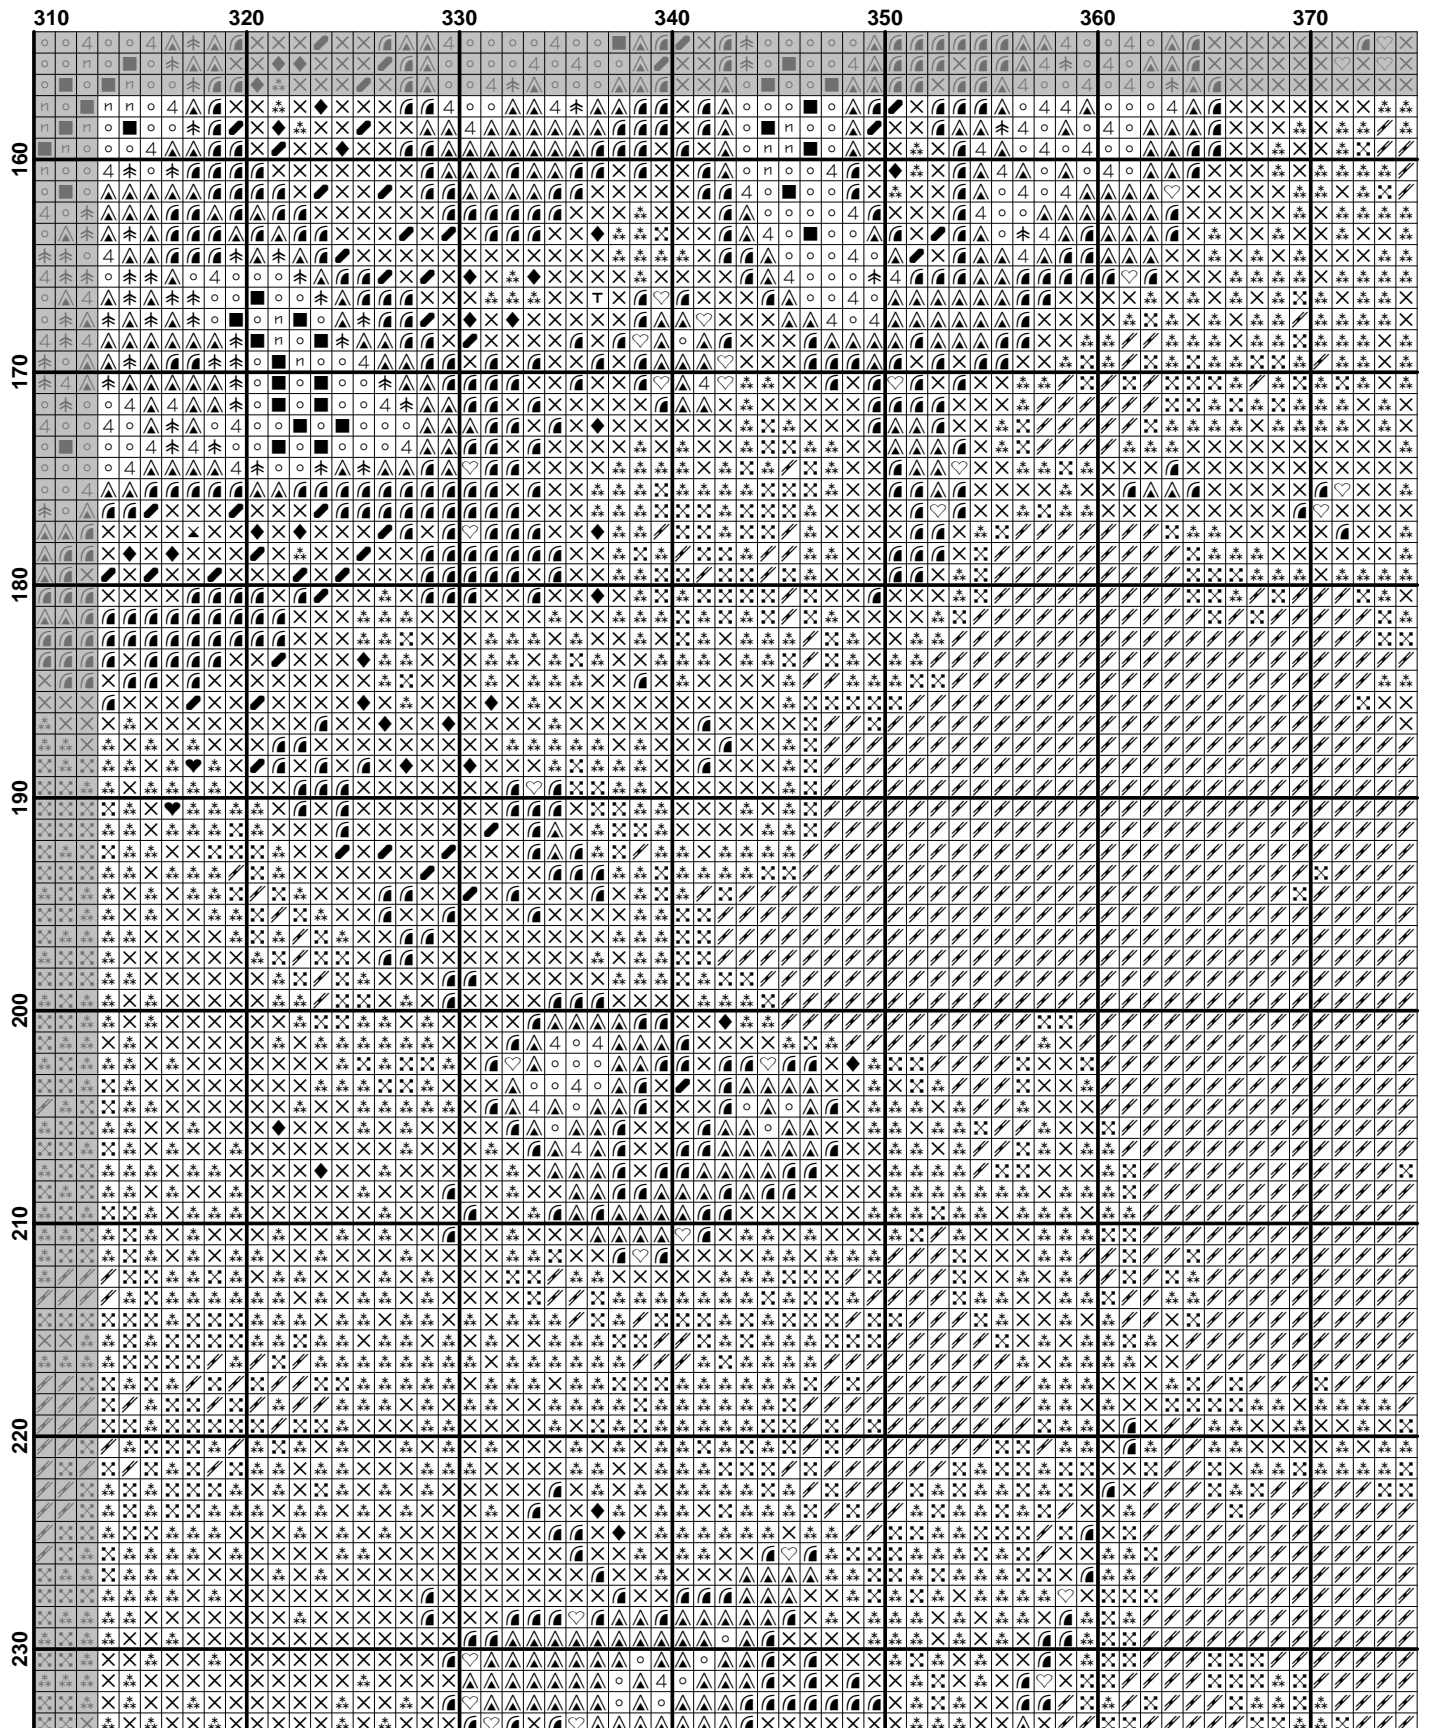

The figure displays a large grid of 230 rows and 60 columns. The rows are labeled on the left side from 10 to 230 in increments of 10. The columns are labeled at the top from 10 to 60 in increments of 10. Each cell in the grid contains a small, complex symbol or diagram. These symbols are composed of various geometric elements, including lines, dots, and numbers, arranged in a way that suggests a systematic or coded pattern. The symbols vary significantly across the rows and columns, indicating a high degree of complexity and organization. The overall layout is clean and structured, with clear labels for both axes.

Figure 1 shows a 2D lattice of symbols. The columns are labeled 310, 320, 330, 340, 350, 360, and 370. The rows are labeled 540, 530, 520, and 510. The symbols are arranged in a periodic pattern of triangles pointing in various directions.

Figure 1 shows a 5x40 grid of symbols. The columns are labeled '440' and '450' at the top. The rows are labeled '540' on the left. The symbols are a mix of geometric shapes (squares, circles, triangles) and alphanumeric characters (a-z, 0-9).
