## Instructions

The model for Iron Dragon is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments

that you may have

The figure displays a 10x310 grid of small plots, each representing the evolution of a 1D Ising spin chain over time. The columns are labeled 240 to 310, and the rows are labeled 10 to 90. Each plot shows a sequence of states (0 or 1) over time, with a vertical axis on the left and a horizontal axis at the bottom. The plots show a clear pattern of wave propagation and interaction, with the system evolving from an initial state to a final state over time.
