Instructions

The model for Little Miracles is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments that you may have.

The image displays a large grid of 100 rows and 100 columns of various symbols, including letters, numbers, and special characters, arranged in a complex, repeating pattern. The grid is labeled with row numbers 100 to 190 on the left and column numbers 310 to 380 on the top. The symbols are organized into a grid that appears to be a representation of a 2D space, with each cell containing a unique combination of characters. The symbols are arranged in a way that suggests a complex, repeating pattern, possibly a form of digital art or a data visualization. The grid is composed of 100 rows and 100 columns, with each cell containing a unique combination of characters.
