## Instructions

The model for A Meeting is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments that you may have.

The image displays a large grid of 7200 small, black and white patterns arranged in 90 rows and 80 columns. The rows are labeled 10, 20, 30, 40, 50, 60, 70, 80, and 90 on the left side. The columns are labeled 10, 20, 30, 40, 50, 60, 70, and 80 on the top. Each cell in the grid contains a unique, complex pattern of black and white pixels, creating a dense, textured appearance. The patterns vary significantly across the grid, suggesting a high degree of complexity and information density.

The image displays a large grid of 160 small square tiles, arranged in 2 rows and 80 columns. The grid is labeled with numbers 10, 20, 30, 40, 50, 60, 70, and 80 at the top, and 380 and 390 on the left side. Each tile contains a unique geometric pattern, often featuring a central square or diamond shape with various internal designs, including lines, dots, and shaded areas. The patterns are arranged in a complex, repeating sequence across the rows and columns, creating a visually rich and intricate overall composition.
