Instructions

The model for Ruby is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments that you may have.

Figure 1 is a 10x10 grid of 100 cells, labeled with row numbers 570, 580, 590, and 600 on the left and column numbers 390 and 400 on the top. The grid displays a complex, repeating pattern of symbols, primarily crosses and dots, arranged in a grid-like structure. The pattern is highly regular, suggesting a mathematical or computational process. The symbols are arranged in a way that creates a sense of depth and complexity, with the pattern appearing to evolve or change across the grid.
