Instructions

The model for *Superstitions* is recommended to be stitched over 1 on 25 count Dublin Linen. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

It is recommended that you make working copies and enlarge to view detail and symbols.

You may also use the tent stitch or full crosses depending on your preference.

This is a large project that will offer many hours of stitching pleasure.

We thank you for purchasing this design and welcome any questions or comments that you may have.

The image displays a 10x10 grid of 100 small, square images. Each image contains a unique pattern of symbols, shapes, and colors. The symbols include various geometric shapes (squares, circles, triangles, diamonds), numbers, and abstract patterns. The colors are primarily black, white, and gray, with some images featuring small amounts of red or blue. The grid is labeled with numbers 130 to 180 on the top and 160 to 230 on the left. The patterns appear to be generated by a computer algorithm, possibly a neural network, and are arranged in a way that suggests a progression or sequence.

The image displays a 10x10 grid of 100 small images, each a 10x10 grid of 100 different symbols, totaling 10,000 symbols. The symbols are arranged in a grid with columns labeled 190-250 and rows labeled 240-310. The symbols include various geometric shapes, numbers, and abstract patterns.

The image displays a grid of 60 columns and 10 rows of small, square images. The columns are labeled at the top with numbers 10, 20, 30, 40, 50, and 60. The rows are labeled on the left with numbers 540, 550, 560, 570, 580, 590, 600, and 610. Each small image contains a pattern of black and white pixels, which appears to be a cellular automaton or a similar discrete-time dynamical system. The patterns evolve from left to right and from top to bottom, showing increasing complexity and structure. The patterns are composed of small, repeating units that form larger, more intricate shapes as the grid progresses.
