Instructions

The model for Guardian of Prayers is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments that you may have

[illegible]

The figure displays a 10x100 grid of small plots. The columns are labeled with values from 240 to 310 in increments of 10. The rows are labeled with values from 570 to 660 in increments of 10. Each plot contains a scatter plot of data points, with the density and distribution of points varying across the grid.

The image displays a large grid of 1000 small images, arranged in 20 rows and 50 columns. The columns are labeled 390, 400, 410, 420, 430, and 440. The rows are labeled 570, 580, 590, and 590. The grid contains a variety of symbols, including geometric shapes, letters, and abstract patterns. The symbols are distributed across the grid, with some appearing more frequently than others. The overall pattern is complex and varied, suggesting a high degree of diversity in the data being presented.
