Instructions

The model for Blue Bird is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments that you may have

The figure displays a 10x10 grid of small images, each representing a snapshot of a pattern at a specific year. The years are labeled on the left (380, 390, 400, 410, 420, 430, 440, 450, 460, 470) and at the top (380, 390, 400, 410, 420, 430, 440, 450, 460, 470). The pattern evolves from a simple grid of triangles at year 380 into a complex, fractal-like structure by year 470. The evolution shows increasing detail and complexity over time, with the pattern becoming more intricate and self-similar as the years progress.
