Instructions

The model for Lily is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments that you may have.

The image displays a large grid of 100 columns and 100 rows. The columns are labeled at the top with the numbers 10, 20, 30, 40, 50, 60, 70, and 80. The rows are labeled on the left with the numbers 290, 300, 310, and 320. The grid is filled with a complex pattern of symbols, including numbers, letters, and special characters, arranged in a way that suggests a data visualization or a complex code. The symbols are distributed across the grid in a non-uniform manner, with some areas appearing more dense than others. The overall appearance is that of a highly structured and complex data set or a complex code.
