Congratulations on buying a **Heaven and Earth Designs LLC** Cross Stitch Chart .

We know it will bring you many hours of pleasurable stitching and believe the final result will be something to love and admire forever.

Included with your chart is a clear plastic bag to protect your chart, and a coded thread list for the threads you will need to complete your project. Our charts are designed to use DMC stranded cotton threads and, where appropriate, Kreinik metallic thread.

Chart Instructions:

1. This chart is made up of several numbered pages beginning at the top left corner of the first page. The pages of chart are laid out from left to right in rows e.g. 1 2 3 4, 5 6 7 8. Although each chart is marked with arrows which indicate the centre , we believe you will find it easier to begin from the top left corner of page 1 and follow the chart page by page to the bottom right corner of the last page.
2. We recommend you stitch your design on either 18 count Aida or 25 count Linen. using 2 strands of cotton over one in each case.
3. At the top of the thread list you will find our recommendation for the fabric colour. We recommend purchasing a piece of fabric that equates to the design size plus 3 inches [75mm] all around, to allow for framing and matting.
4. Because of the large number of stitches, we have found it to be easier if you stitch one 10X10 grid at a time and then continue on to the next 10 x 10 grid.
5. Stitch each page until it is completed and then move on to the next. On each page there is a number at the top left that indicates the page number. On each corner is a number in parenthesis that indicates the connecting page, unless there is not one.
6. Under International Copyright Laws, you may copy the chart for your own use. We recommend that you use a copy as your working document. You may also wish to enlarge the pages to make the symbols easier to read.

If you have any questions regarding this chart please feel free to contact us.

The image displays a 10x10 grid of 100 small, square images. Each image contains a unique pattern of black and white shapes, including lines, dots, and geometric forms. The grid is labeled with numbers 10, 20, 30, 40, 50, 60, 70, and 80 along the top and left edges. The patterns are arranged in a way that suggests a sequence or progression across the grid.

Figure 1 displays a 10x10 grid of 100 small images, each representing a different year from 670 to 760. The images show the evolution of a pattern over time. The pattern starts as a simple cross-like shape in 670 and evolves into a complex, fractal-like structure by 760. The grid is labeled with years from 670 to 760. The pattern starts as a simple cross-like shape in 670 and evolves into a complex, fractal-like structure by 760.

Figure 1 displays a 3x150 grid of small images, showing the evolution of a pattern over time. The columns are labeled 80, 90, 100, 110, 120, 130, 140, and 150. The rows are labeled 760, 770, and 780. The pattern starts as a simple grid of dots and evolves into a complex, fractal-like structure.
