Instructions

Congratulations on buying a **Heaven and Earth Designs LLC** Cross Stitch Chart . We hope it will bring you many hours of pleasurable stitching and believe the final result will be something to love and admire forever.

Included with your chart is a clear plastic bag to protect your chart, and a coded thread list for the threads you will need to complete your project. Our charts are designed to use DMC stranded cotton threads and, where appropriate, Kreinik metallic thread.

Chart Instructions:

1. This chart is made up of several numbered pages beginning at the top left corner of the first page. The pages of chart are laid out from left to right in rows e.g. 1 2 3 4, 5 6 7 8. Although each chart is marked with arrows which indicate the centre , we believe you will find it easier to begin from the top left corner of page 1 and follow the chart page by page to the bottom right corner of the last page.
2. We recommend you stitch your design on either 18 count Aida or 25 count Linen. using 2 strands of cotton over one in each case.
3. At the top of the thread list you will find our recommendation for the fabric colour. We recommend purchasing a piece of fabric that equates to the design size plus 3 inches [75mm] all around, to allow for framing and matting.
4. Because of the large number of stitches, we have found it to be easier if you stitch one 10X10 grid at a time and then continue on to the next 10 x 10 grid.
5. Stitch each page until it is completed and then move on to the next. On each page there is a number at the top left that indicates the page number. On each corner is a number in parenthesis that indicates the connecting page, unless there is not one.
6. Under International Copyright Laws, you may copy the chart for your own use. We recommend that you use a copy as your working document. You may also wish to enlarge the pages to make the symbols easier to read.

If you have any questions regarding this chart please feel free to contact us.

The image displays a large grid of 100 columns and 100 rows. The columns are labeled at the top with numbers 10, 20, 30, 40, 50, 60, 70, and 80. The rows are labeled on the left with numbers 480, 490, 500, 510, 520, 530, 540, 550, 560, and 570. The grid is filled with a complex pattern of symbols, including stars, triangles, and arrows, arranged in a way that suggests a mathematical or logical structure. The symbols are distributed across the grid in a non-uniform manner, with some areas being more densely populated than others. The overall layout is a 10x10 grid of 100x100 cells, with the labels indicating the column and row indices.

Figure 10: A 10x10 grid of 100 small plots showing the results of the 1000-fold cross-validation for the 1000-fold cross-validation. The grid is organized by the number of features (columns) and the number of samples (rows). The columns are labeled 390 and 400, and the rows are labeled 570, 580, 590, 600, 610, 620, 630, 640, 650, and 660. Each plot displays the results of the 1000-fold cross-validation, with the x-axis representing the number of features and the y-axis representing the number of samples. The plots show the distribution of the results, with the majority of plots showing a distribution that is centered around the true value. The plots also show the standard deviation of the results, with the majority of plots showing a standard deviation that is less than 1.0. The plots are arranged in a grid, with the columns labeled 390 and 400, and the rows labeled 570, 580, 590, 600, 610, 620, 630, 640, 650, and 660.

The image displays a large grid of 100 columns and 10 rows. The columns are labeled at the top with numbers 10, 20, 30, 40, 50, 60, 70, and 80. The rows are labeled on the left with numbers 670, 680, 690, 700, 710, 720, 730, 740, 750, and 760. The grid is filled with a complex pattern of symbols, including stars, triangles, and arrows, arranged in a way that suggests a data visualization or a complex pattern recognition task. The symbols are distributed across the grid, with some rows showing more frequent occurrences of certain symbols than others.

The image displays a large grid of symbols, organized into 100 columns and 10 rows. The columns are labeled at the top with numbers 10, 20, 30, 40, 50, 60, 70, and 80. The rows are labeled on the left with numbers 860, 870, 880, 890, 900, 910, 920, and 930. The grid is filled with a variety of symbols, including stars, triangles, and the letter 'B'. The symbols are arranged in a pattern that suggests a complex, possibly encrypted, message. The grid is divided into sections by vertical lines, and the symbols are arranged in a way that suggests a complex, possibly encrypted, message.
