Instructions

Congratulations on buying a **Heaven and Earth Designs LLC** Cross Stitch. We hope it will bring you many hours of pleasurable stitching and believe the final result will be something to love and admire forever.

Included with your chart is a clear plastic bag to protect your chart, and a coded thread list for the threads you will need to complete your project. Our charts are designed to use DMC stranded cotton threads and, where appropriate, Kreinik metallic thread.

Chart Instructions:

1. This chart is made up of several numbered pages beginning at the top left corner of the first page. The pages of chart are laid out from left to right in rows e.g. 1 2 3 4, 5 6 7 8. Although each chart is marked with arrows which indicate the centre, we believe you will find it easier to begin from the top left corner of page 1 and follow the chart page by page to the bottom right corner of the last page.
2. We recommend you stitch your design on either 40ct Gauze or 40 ct Linen
3. At the top of the thread list you will find our recommendation for the fabric colour. We recommend purchasing a piece of fabric that equates to the design size plus 3 inches [75mm] all around, to allow for framing and matting.
4. Because of the large number of stitches, we have found it to be easier if you stitch one 10X10 grid at a time and then continue on to the next 10 x 10 grid.
5. Stitch each page until it is completed and then move on to the next. On each page there is a number at the top left that indicates the page number. On each corner is a number in parenthesis that indicates the connecting page, unless there is not one.
6. Under International Copyright Laws, you may copy the chart for your own use. We recommend that you use a copy as your working document. You may also wish to enlarge the pages to make the symbols easier to read.

If you have any questions regarding this chart please feel free to contact us.

The image displays a large grid of 100 rows and 310 columns. The grid is organized into 10 groups of 10 rows each, labeled 10, 20, 30, 40, 50, 60, 70, 80, and 90 on the left side. The columns are labeled with numbers 240, 250, 260, 270, 280, 290, 300, and 310 at the top. The grid contains various symbols, including letters, numbers, and special characters, arranged in a complex, repeating pattern. The symbols are distributed across the grid in a way that suggests a structured, possibly algorithmic, arrangement. The grid is divided into 10 groups of 10 rows each, with each group labeled with a number (10, 20, 30, 40, 50, 60, 70, 80, 90) on the left. The columns are labeled with numbers (240, 250, 260, 270, 280, 290, 300, 310) at the top. The grid contains various symbols, including letters, numbers, and special characters, arranged in a complex, repeating pattern.

The figure displays a 10x100 grid of small plots, with columns labeled 80 through 150 and rows labeled 100 through 190. Each plot contains a unique pattern of data points, representing a specific combination of parameters or a realization of a process. The patterns are highly varied, showing different spatial distributions, trends, and densities of points across the grid.

The image displays a 10x100 grid of small, square images. The rows are labeled on the left with numbers 480, 490, 500, 510, 520, 530, 540, 550, 560, and 570. The columns are labeled on the top with numbers 310, 320, 330, 340, 350, 360, 370, and 380. Each small image contains a complex, abstract pattern of symbols, including letters, numbers, and geometric shapes, arranged in a way that suggests a larger, hidden message or pattern. The patterns are dense and varied, with some images showing more recognizable symbols than others. The overall effect is a large, intricate mosaic of small, individual elements.

[illegible]

Figure 1 shows a 570x80 grid of symbols. The grid is divided into four horizontal sections. The top section (rows 1-135) contains symbols like 'v', 'H', and 'g'. The second section (rows 136-270) contains symbols like 'v', 'H', and 'g'. The third section (rows 271-405) contains symbols like 'v', 'H', and 'g'. The bottom section (rows 406-570) contains symbols like 'v', 'H', and 'g'. The grid is labeled with numbers 10, 20, 30, 40, 50, 60, 70, and 80 at the top, and 570 on the left side.
