Instructions

The model for Aphrodite is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments that you may have

The image displays a large grid of 100 rows and 100 columns. The rows are labeled on the left side from 290 to 380, and the columns are labeled on the top side from 310 to 380. The grid is filled with a complex pattern of symbols, including letters, numbers, and special characters, arranged in a way that suggests a cryptographic or data-related structure. The symbols are distributed across the grid in a non-uniform manner, with some areas appearing more dense than others. The overall appearance is that of a highly structured and complex data set or a cryptographic key stream.
